PREPARED FOR

Tau Tau Chapter

WEB DESIGN · DEVELOPMENT · DIGITAL STRATEGY

Websites and digital products, designed and built.

Proposal for Tau Tau Chapter, Omega Psi Phi Fraternity, Inc.

October 2026

ABOUT

I design, build and run digital products, from the first sketch to the code in production.

01	Design	Brand experience, UX and interface design that feels clear and considered.
02	Build	Full-stack websites and web apps that load fast and are easy to update.
03	Strategy	Technology strategy and leadership, from small practices to a national brand.

MY APPROACH

Understand the people first. Then make it beautiful.

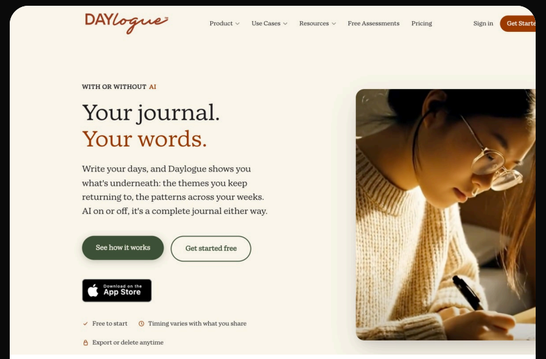

Aubergine Purple Old gold Ivory

SELECTED EXPERIENCE

Four highlight projects, 2026.

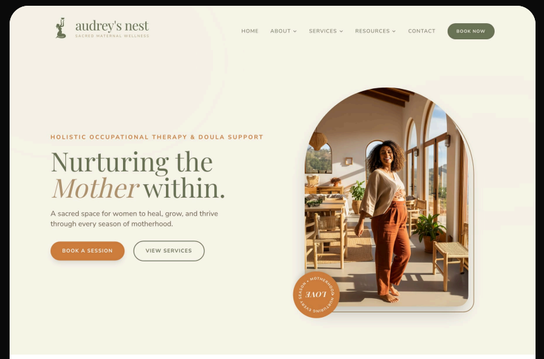

01

DAYlogue™

Founder, digital product

Brand, UX/UI design and full-stack development.

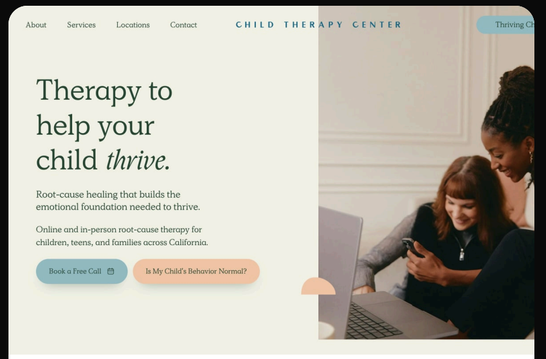

02

Audrey's Nest

Website design & development

A calm, welcoming site for a maternal wellness practice.

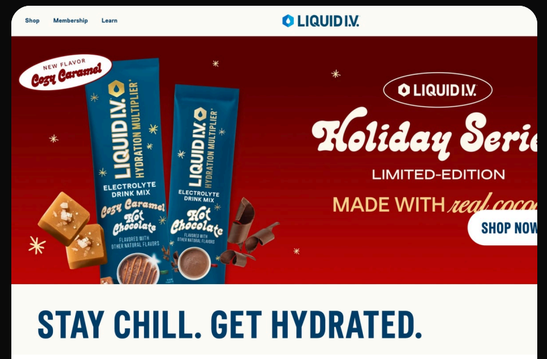

03

CHILD THERAPY CENTER

Website development & digital strategy

Website, digital experience and client engagement.

04

Brand context

LIQUID I.V.

Enterprise technology experience

Technology leadership for a national consumer brand.

brandon bibbins

01 · DAYLOGUE

Founder-led, end to end.

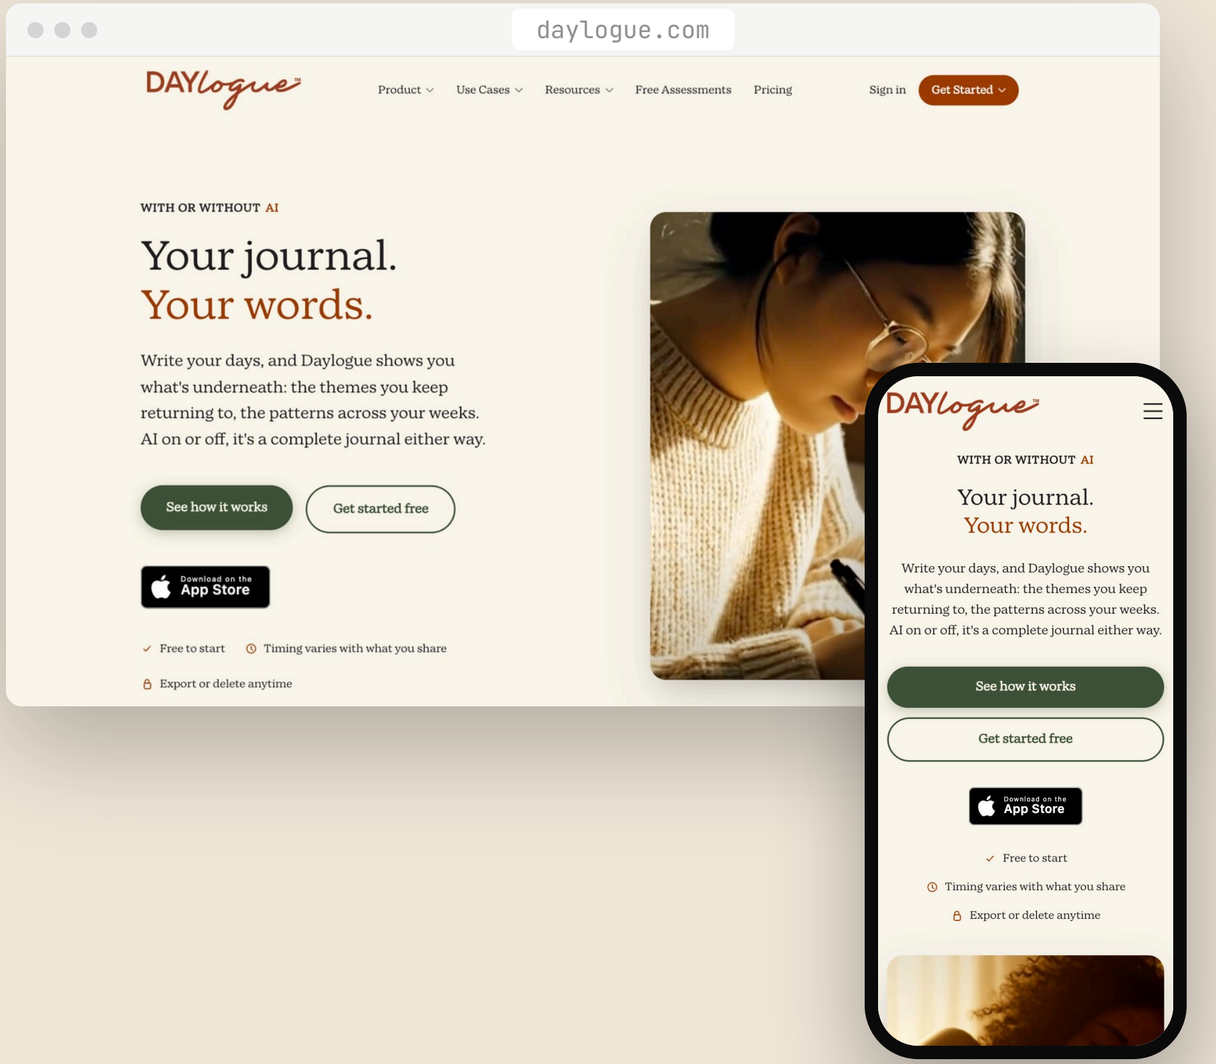

01 Digital product & brand experience

02 UX/UI design

03 Full-stack product development

↗ daylogue.com

DAYlogue™

02 · AUDREY'S NEST

A warm home for new mothers.

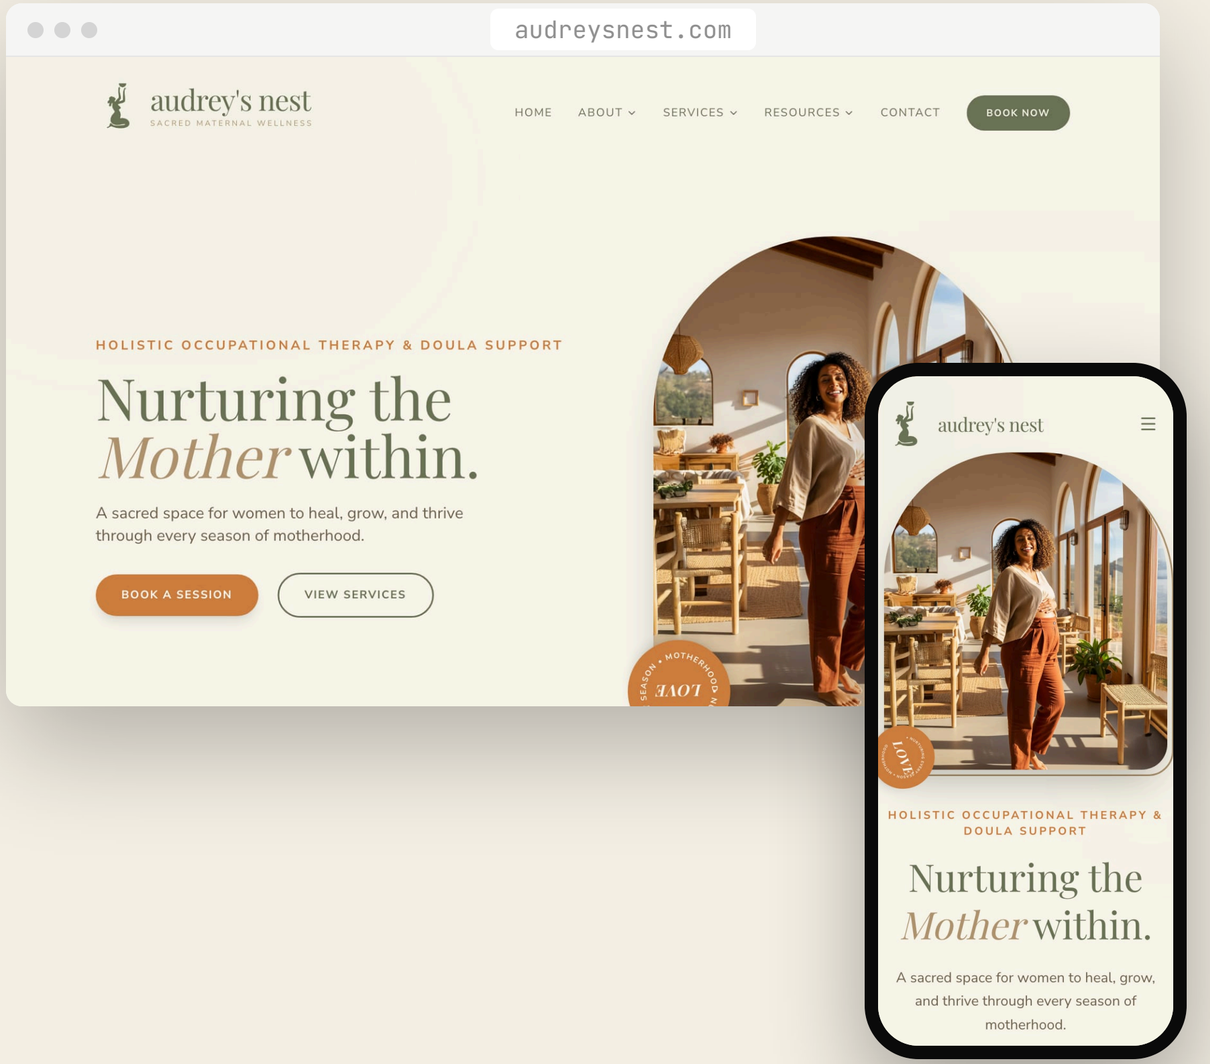

01 Website design

02 Website development

03 Content management

↗ audreysnest.com

Audrey's Nest

03 · CHILD THERAPY CENTER LA

A website for a family practice.

01 Website development

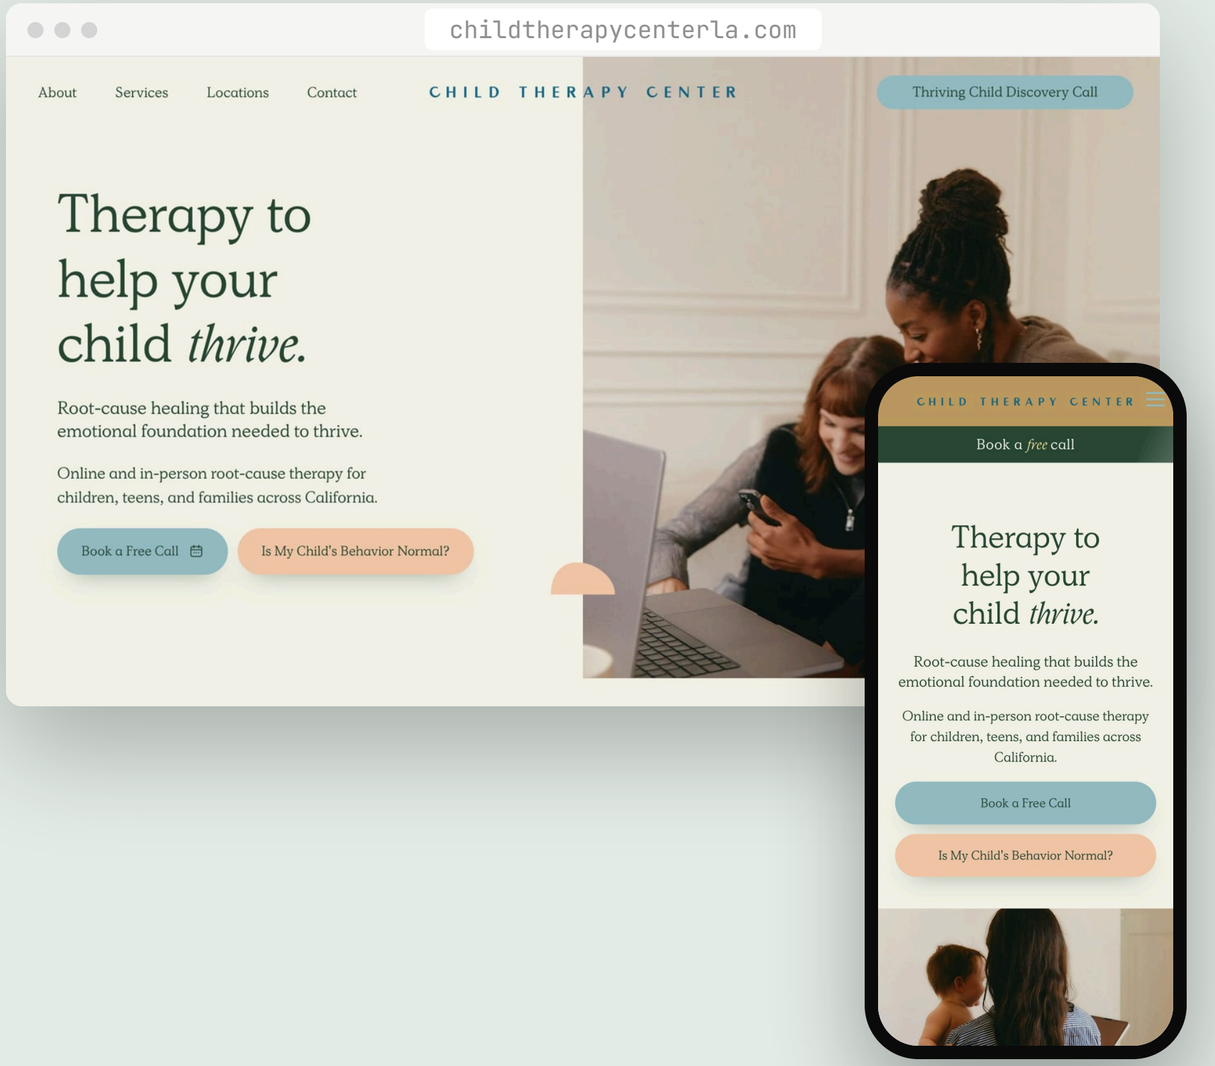

02 Digital experience

03 Technology strategy

04 Client engagement

↗ childtherapycenterla.com

CHILD THERAPY CENTER

04 · LIQUID I.V.

Technology at enterprise scale.

Enterprise technology leadership supporting a nationally recognized consumer brand.

WHAT IT BRINGS TO TAU TAU

01 Process and accountability at scale

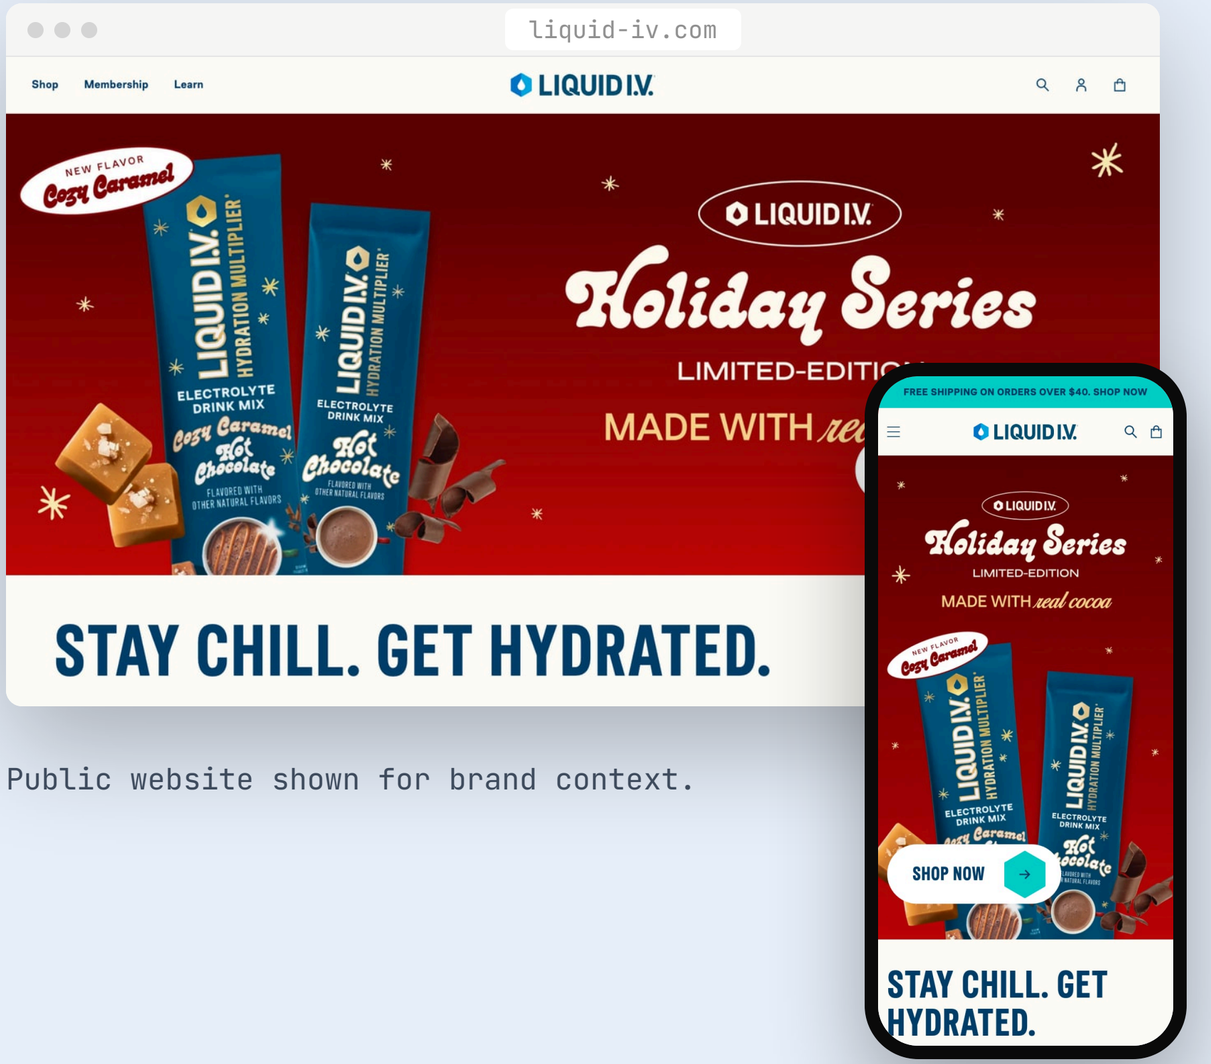

02 Security and access done right

03 Reliable releases, with nothing left to chance

04 Systems built to grow with the organization

Public website shown for brand context.

◆ THE PLAN

A modern home for Tau Tau Chapter.

01

Preserve the history

Six decades, the lineage and the founders, in one lasting place.

02

Serve the brothers

Events, the calendar and resources, easy to reach on any phone.

03

Show the impact

Programs, scholarships and service, presented with the pride they deserve.

CONCEPT · NOT FINAL DESIGN

An early look.

A homepage built from the chapter's own history, leadership and photography, that comes alive as you scroll. On desktop and phone.

MOCKUP 01 · OUR STORY

Their history, front and center.

A six-decade timeline, and a lineage wall with every line since 1961.

› Six-decade timeline

› Every line since 1961

brandon bibbins

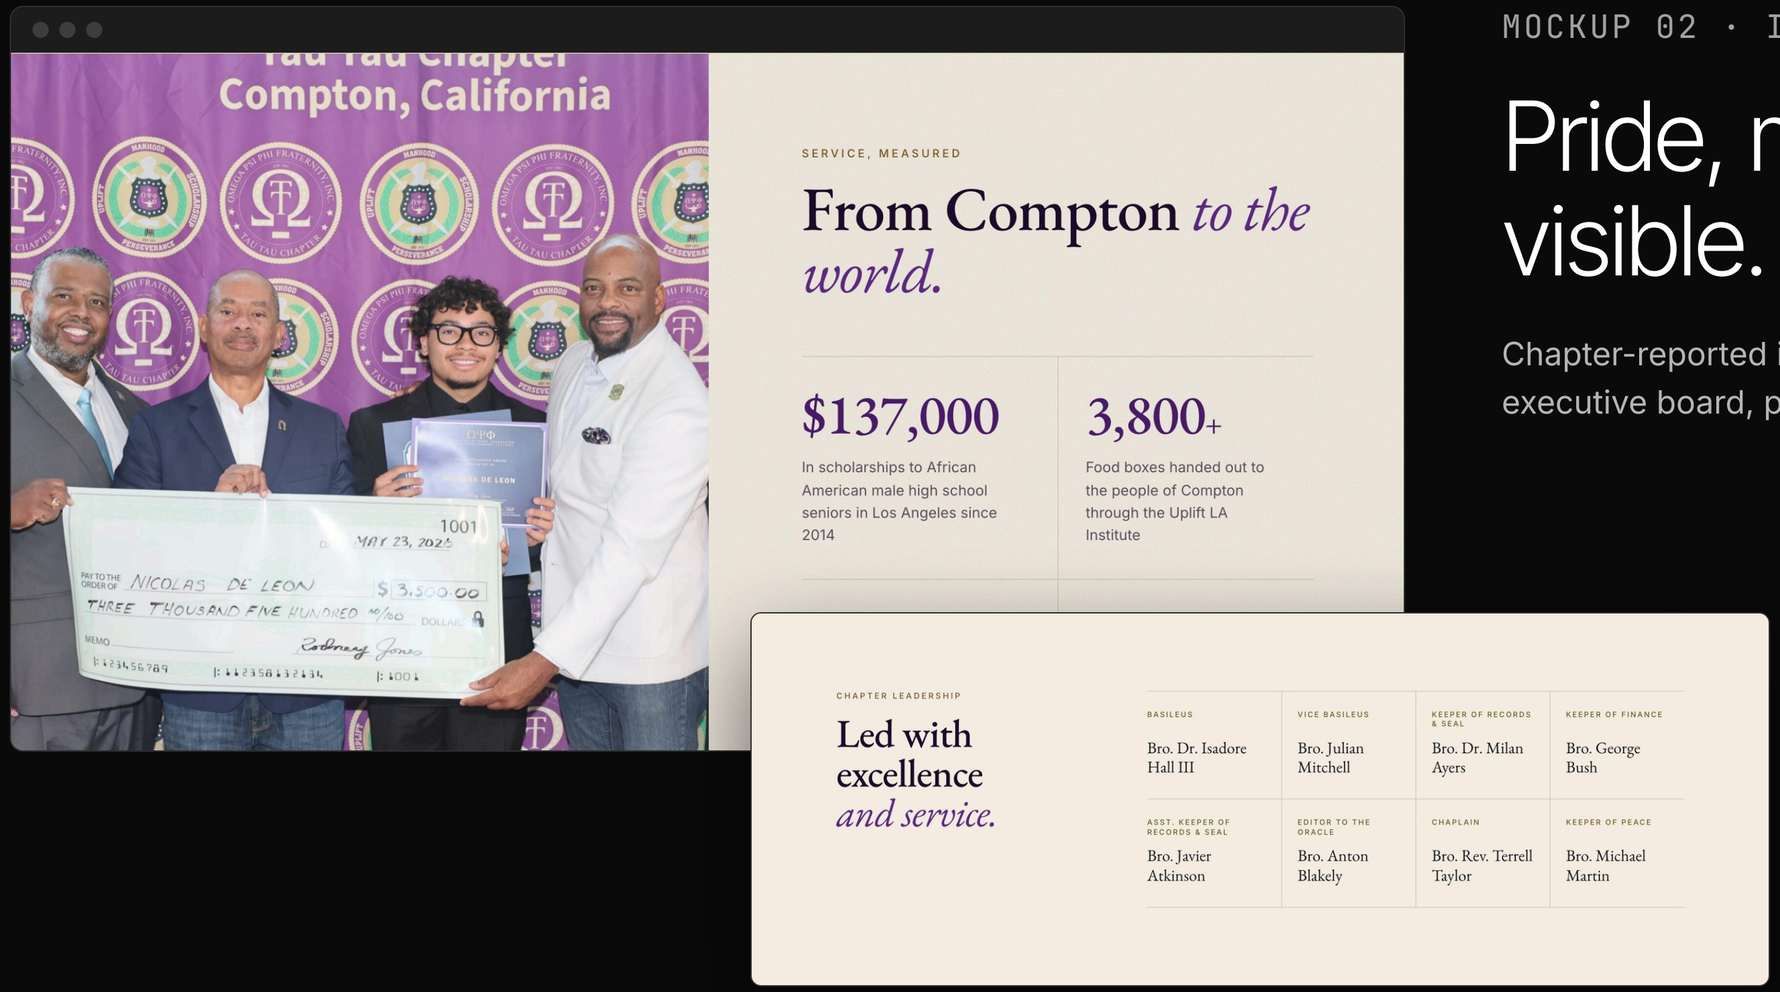

MOCKUP 02 · IMPACT

Pride, made visible.

Chapter-reported impact and the current executive board, presented with care.

› Real figures

› Current officers

brandon bibbins

MOCKUP 03 · MOBILE

Built for the phone in every brother's pocket.

Home, history and the member portal, designed for small screens first.

01 Home

02 Our story

03 Member portal

PHASE 2 · QUOTED SEPARATELY

The Brothers' Hub.

Dues, events, votes and every brother's card, in one place that feels like an app.

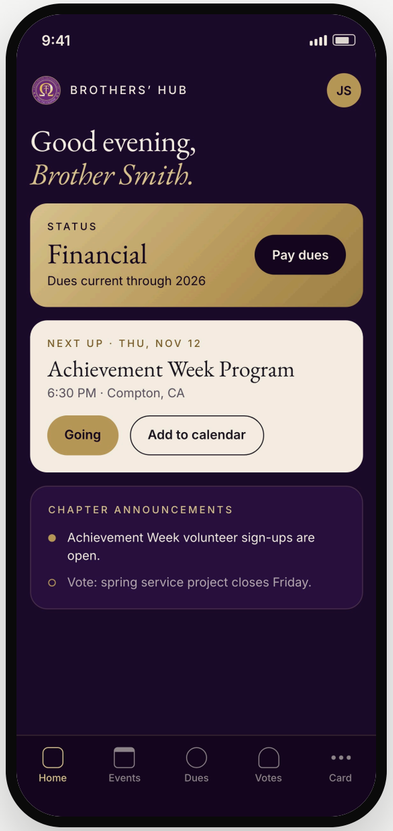

- One-tap dues and receipts
- RSVP, calendar and QR check-in
- Announcements and chapter votes

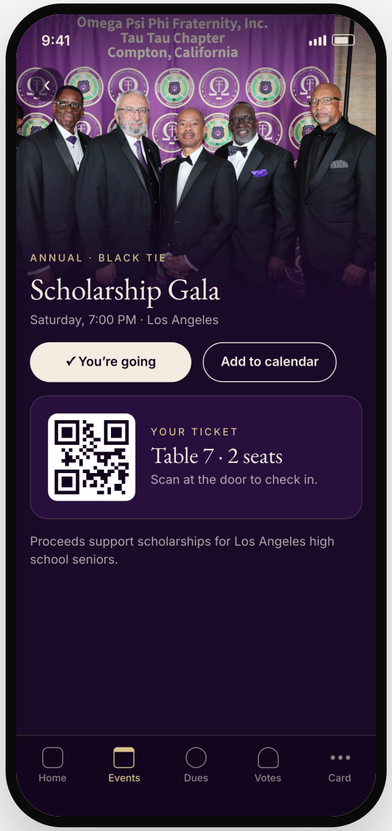

Concept · Sample data

Everything a brother needs, one tap away.

HOW I WORK

Four steps, one shared plan.

› Kickoff to website launch by November 1, 2026

01

Discover

Learn the chapter’s goals, audience, history and content.

› Goals and content plan

02

Design

Explore the experience and agree on the visual direction.

› Approved page designs

03

Build

Develop the agreed site and move the content in.

› A working site to review

04

Launch

Test, refine and prepare the chapter to keep it current.

› Live site and handoff

WHAT I NEED

To do this well, I'll need six things.

01

A point of contact

One brother to coordinate, and a small group to review and approve.

02

Chapter content

History, officers, programs and events, or who can provide them.

03

Approved photography

Chapter photos, with permission to use them online.

04

Access

Logins for the current site, the domain and hosting.

05

Timely feedback

Comments within 2 business days at each review.

06

Budget and go-ahead

$2,500 for the website, with 50% ($1,250) upfront, and approval from chapter leadership.

NEXT STEPS

Let’s build something the chapter is proud to share.

01

A conversation with chapter leadership

02

Agree on scope, timeline and budget

03

Kick off Discover
